## REVIVE! KIT REPLACEMENT

Documenting the dispensing of a REVIVE! kit properly on the Narcotics panel of the ePCR automatically triggers a notification to the EMS division and the provider to coordinate the replacement of the kit.

Was a REVIVE! Leave-Behind Narcan Kit Dispensed?:

No

Yes

If the kit is dispensed under circumstances not associated with an EMS incident (station walk-in), you should email [FIRE-Revive@fairfaxcounty.gov](mailto:FIRE-Revive@fairfaxcounty.gov) to request a replacement.

Documenting the phone number of the patient or their point of contact is also important in reducing the risk of an additional overdoses and providing resources to the patient and their family. Check out this Did You Know? for more: [Opioid Patient Phone Number](#)

REVIVE! kits should be accounted for using the [FRD-205](#).

## MEME OF THE MONTH
