

DID YOU KNOW?

MAY 2021

OPIOID PATIENT PHONE NUMBER

In partnership with the Community Services Board (CSB), patients with narcotic/opioid abuse or misuse are identified to the Peer Outreach Response Team (PORT) for follow-up. PORT has already engaged with many FRD patients thanks to provider documentation on the ePCR!

Obtaining a contact phone number is vital for PORT to connect with the patient.

The phone number does not have to be the patient's. It can be one for a friend or family member who is on-scene.

! Narcotic/Opioid

>

Follow up phone number:

Record a contact phone number in the *Follow up phone number* field of the Narcotics/Opioid panel of the ePCR if:

- ✓ You suspect narcotic/opioid abuse or misuse
- ✓ The patient is able to provide his/her phone number
- ✓ An on-scene friend or family member would like information on PORT resources
