

# DID YOU KNOW?

FEBRUARY 2022

## MISSION LIFELINE

Every year we submit data to the American Heart Association for the Mission: Lifeline EMS Recognition program which uses five measures to recognize EMS organizations for excellent pre-hospital STEMI care.

### *WE WERE AWARDED* *GOLD STATUS IN 2021*

One area we can improve upon is the “Plus Measure” which measures time to 12-lead. With some small attention to detail, we can earn the **Gold Plus** designation in 2022! Here’s how you can help:

- ✓ Remember to always click the ‘with patient’ button
- ✓ If the patient has an initial complaint of chest pain, strive for a 12-lead within 10 minutes of contact
