CREW & UNIT INFO IN CAD

There are two easy ways you can save time and help reduce errors in finding and completing ePCRs:

1. Set your Crew and Unit in Elite Field for ePCRs at the start of every shift.

Cell Sign - M444
Primary Role - Ground Transport
Level of Care - ALS-Paramedic

- Setting the Crew automatically populates all the crew fields in every report you create – saving you time!
- Setting the Unit automatically filters the CAD Download options to only show your unit's incidents –reducing the chance of error!

2. Always use the CAD Download button
