

DID YOU KNOW?

APRIL 2022

NON-BUILDING STRUCTURE FIRES

When a fence catches fire, it's considered a nonbuilding structure fire by [NFIRS guidelines](#). Other nonbuilding structure fires include:

- Bridges
- Transformers
- Power/utility equipment
- Tents

Non-building structure fires should be coded as 112 on the NFIRS report in Elite.

Incident Type:	<div><div>×</div><div>112-Structure - Non-building fire (bridge, tunnel, fence, transformer, tent, etc.)</div></div>
----------------	--

Examples:

- Brush/grass/mulch catches fire and scorches an adjacent fence, or the fence catches fire
- Transformer catches fire
- Dominion Power (or other utility) meter box catches fire

DAD JOKE

Q: Did you hear about the fire at the shoe factory?

A: A lot of soles were lost
