No

Yes

3. After filling out the medication information, select "Out of Jurisdiction Provider"

Medication Crew (Healthcare Professionals) ID: ✕ Out of Jurisdiction (OOJ), Provider ()

Role/Type of Person Administering Medication: ✕ Paramedic

! IMPACT

1. Including **ALL** procedures/medications performed/administered by other agencies gives the hospital a more accurate patient record.

2. Better documentation leads to better FRD reports for AHA, grants, other sources of funding, and training scenarios, etc.
